## DISTRICT SUPERINTENDENT'S REPORT

Another year is history in the work of the Pennsylvania-New Jersey district of the International Holiness Church. Permanent progress is being made, and the blessing of the Lord is resting upon the churches. There are fifteen organized societies in the district. Thirteen of them are worshipping in their own buildings. Six of them have their own parsonages. Two church buildings were built during the last year, and another building has been purchased and converted into a meeting place and a parsonage on the second floor. Our membership is increasing and one pastor has come to us from another denomination.

Tent meetings have been held during the summer months, and revival meetings going continually. New fields are opening and workers are kept busy. There were four Camp Meetings in the district with good results.

We are indeed very conscious of the fact that the superintendency of the work is being sadly neglected. It is a very difficult matter to serve a pastorate and be superintendent at the same time. Something should be done to remedy this matter in this Assembly. All the churches have been visited once and most of them twice during the past year by the Superintendent or his assistant.

The hope of the work for the future is built upon the truth of seeking quality rather than quantity. Experimental religion should be our keynote, and not to be engulfed by the wave of popular so-called professed holiness that is all about us. The church is ordained to victory and we need to work in harmony so that the blessing of the Lord may continue to rest upon us.

Respectfully submitted,

H. A. SANEHOLTZ, Dist. Supt.
