REPORT No. 8-MORAL REFORM

When God made man he created him an upright moral being different from all other animal creation. The breath of life that God breathed into man was the life of God, and he become a living soul. When Adam believed the devil he disbelieved God and lost the life of God and it affected his entire posterity. There is a crying need for men and women to reform, and say yes to God and accept the atonement and receive the life of God in their souls. Then there is the white slave traffic or stealing of girls and carrying them to large towns and selling them for immoral purposes. A stranger will go out in a country settlement and stay two or three months and marry a girl, live with her awhile and take her off and sell her and go out and do the same thing over again. These things are happening every week in our land and country. Our fathers and mothers should teach their children about these things. Whiskey has caused more pain and sorrow and death here in America than all the wars since Joshua's time; there are homes broken up every week by the whiskey demon. The making and selling of whiskey should be forever prohibited in our land, and there are many other things Romanism, black wings of carnality and ignorance are trying to get control of our government and public schools. They take away the right of true members of a free conscience. Then the tobacco and soft drinks and moving picture shows and other sensual sins ought to cease; be it

RESOLVED, That we as a people with the life of God in our hearts and lives, that we do all we can to stop these things by praying, preaching, circulating tracks, paying our poll tax and voting prohibition.
